TERMS OF SALE

All bids by mail. We have over 2,500 customers who are interested in these sales. They live in every state of the union, and in some foreign countries. They can not all come to Freeport in person each month to attend an auction. In fact, not one per cent of them could do so. In fairness to those who live at a distance, and cannot attend a sale in person, we request all bids to be sent in advance of the sale, by mail.

Coins will be bought below your bids where other offers permit, as this is competitive bidding, executed in good faith.

Where two or more bids are exactly the same on any lot, or tied, the lot is sold to the first bid received at exactly his bid.

No unlimited bids will be accepted from anyone, at this sale. Mark your highest limit or bid on the bid sheet, and we will buy as much under this price, as other actual bids permit. *Get your bids in before the date of sale.* Don't wait until the last minute. Help us with our work and we will help you get something.

The usual charge of 5% will be made for executing your bids. No charge is made on anything not actually purchased. Postage and express is paid by the purchaser.

Receipted bills are not sent out after your remittance as this is unnecessary. *Your check, draft or money order itself is a receipt. However, if a 3-cent stamp is enclosed we will send receipt.*

Be certain that you bid on the lot you wish to buy. We will correct errors and adjust claims, but you should not expect us to pay for *your mistakes. Be careful* in making your bids. Be sure that you bid on the lot you wish to buy, and *at so much per piece.*

Bids must reach me by the morning of the sale. Mail them in time so as to avoid disappointment. At each sale some bids arrive too late to be executed.

The price lists have to be set up and printed after the sale, and are mailed third class, usually about 15 days after the sale date.

Between the seller and buyer, my position in describing the condition of coins and bills has been neutral. My classifications are generally considered to be conservative by the collecting public.

It is easy to bid by mail. If you do not know how much to bid on any items, write me giving numbers in catalog and I shall be glad to inform you as to values. It is useless and a waste of time to make low bids that have no chance of success. I sincerely hope that each collector acquires some nice lots from this sale that give him a real thrill and joy of satisfaction.

New bidders or customers sending in bids for the first time must positively give first class reference, bank reference preferably, or else send a deposit of at least 25% of the total amount of bids. Otherwise, their bids will not be accepted; application of such deposit will be made upon

successful bids; the seller reserves the right to demand payment upon successful bids before delivery in his sole discretion. To those known to me who have established credit, a reference or deposit is not necessary and purchases will be sent out promptly after the sale. In appreciation of this courtesy the purchaser remits promptly.

The terms are prompt cash settlement after sale, and no time given. Collectors who are not certain that they can pay promptly, are asked not to bid. The coins in the sale are the property of my clients, and I must make prompt settlement for them.

Remit by money order, draft, check, or in any way most convenient. *Stamps accepted for accounts that are below one dollar only.*

All coins and other items are guaranteed genuine, unless otherwise stated.

Please bid by the piece unless stated to bid for the lot. Thus, if there are 12 pieces in a lot and you wish to pay $6 for the lot, then bid 50c. At each sale someone bids by the lot. Don't do this—bid by the piece. Exception—where stated to bid for lot.

NOTE—A printed list of all the prices realized at this sale will be sent for fifty cents (50c). Send coin or stamps with your bids so as to reserve a price list, or if you prefer, we will add the cost to your bill of items purchased for you at this sale. Keep posted on coin values as they are today, and order a price list in advance of the sale. After the sale they cost $1. Before, they are 50 cents.

CONDITION OF COINS

Proof Coins are those that have been specially struck at the mint for collectors. The dies are clean, and the planchets polished or chemically treated, so that the coin when struck has a mirror-like surface. They are usually struck on a special press. In the United States, proof coins may be obtained at a premium from the mint, in the year of issue only. Proof coins are noted for their sharpness in striking, high edges, and beautiful surface, the highest condition of a coin.

Uncirculated Coins are those struck in the regular minting process, usually intended for circulation, but whose good fortune it was to never have been circulated, and they should show no signs of use as money.

Extremely fine coins show only the slightest evidence of circulation.

Very fine coins show that they have been in use, but show no wear.

Fine coins show little wear, and must be attractive and desirable pieces, with no defects.

Very good coins may have light even wear, all features and lettering clear and bold.

Good coins must show all the type and lettering, and especially the date must be clear and readable.

Fair coins have been worn considerably, but must show at least half the design and legends, or they pass into the class of poor coins.

The above standard of classification of coins has been in use by the cataloguer for nearly forty years, and has proved most satisfactory to the collector. On file in my office are more than two thousand unsolicited testimonials from collectors and dealers showing their whole-hearted approval, and their satisfaction with the condition of the coins purchased by them in my past 166 sales.
